Booster Dose of COVID Vaccine

COVID-19 boosters are currently available through the Georgia Department of Public Health (DPH) health and participating providers.

CDC recommends a booster dose of COVID-19 vaccine for all persons aged 18 or older, at least 5 months after completion of a mRNA vaccine (Pfizer-BioNTech or Moderna) primary series, or at least 2 months after receipt of the single primary dose Janssen vaccine. Eligible individuals may choose which vaccine they receive as a booster dose. Some people may have a preference for the vaccine type that they originally received and others, may prefer to get a different booster. CDC's recommendations now allow for this type of mix and match dosing for booster shots.

Adolescents aged 12-17 years may receive a single booster dose of Pfizer-BioNTech COVID-19 at least 5 months after completion of the primary series. *At this time, only the Pfizer-BioNTech COVID-19 vaccine is authorized and recommended for adolescents aged 12 through 17.*

Not all types of vaccines will be available at all sites.

For information about COVID vaccines or to schedule a vaccination appointment visit dph.ga.gov/covid-vaccine or vaccinefinder.org.

DPH continues to **stress the importance** of vaccination for all Georgians aged 5 years and older. Vaccination is our best tool to protect lives and stop the spread of COVID-19 in our state.

A Shabby Spring in Tunisia

Can Tunisian Democracy Overcome Its Cultural Challenges?

About the book

In 2011, the Tunisian masses took to the street and forced the president of the Republic to leave the country. Despite the fervor of the uprising, the situation has not changed much since. Certainly, there has been a remarkable advance in freedom of expression, but the values and behaviors of the old regime continue to govern the lives of Tunisians. The Constitution promulgated in 2014 does not bring any efficient response to the pending issues regarding politics, economics, and culture. In particular, it was content to repeat the vision already outlined in 1959 concerning identity. Almost a decade later, the democratic attempt is still on ups and downs and the game is far from reaching an end. Will we finally dare to take up the cultural challenges facing the new Republic and succeed in the transition from ethnoculture to pluralism? In a series of articles published between 2012 and 2018, collected in the book "A Shabby Spring in Tunisia", the author tries to shed an original light to explain the background of this shabby-chic styled "Tunisian Spring", which is struggling yet to reach maturity.
